THIS BUILDING WILL BE FUMIGATED WITH LETHAL GASES ON THE DATE(S) INDICATED ABOVE. ALL PERSONS AND ANIMALS MUST VACATE THE PREMISES ON OR BEFORE ARRIVAL OF THE FUMIGATION CREW.

UNDER NO CIRCUMSTANCES CAN ANYONE ENTER THE BUILDING UNTIL THE FUMIGATION COMPANY'S NOTICE IS POSTED GIVING THE TIME AND DATE FOR SAFE RE-ENTRY.

"State law requires that you be given the following information: CAUTION-PESTICIDES ARE TOXIC CHEMICALS. Structural pest control companies are registered and regulated by the Structural Pest Control Board, and apply pesticides which are registered and approved for use by the California Department of Pesticide Regulation and the United States Environmental Protection Agency. Registration is granted when the State finds that based on existing scientific evidence there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized.

If within 24 hours you experience symptoms of dizziness, headache, nausea, reduced awareness, slowed movement, garbled speech or difficulty in breathing, leave the structure immediately and seek medical attention by contacting your physician or Poison Control Center (telephone number) and notify your pest control company. The warning agent, chloropicrin, can cause symptoms of tearing, respiratory distress and vomiting. Entry into the space during fumigation can be fatal.

For further information, contact any of the following: Your pest control company (See Above) ; for Health Questions - the County Health Department (See Below) ; for Application Information - the County Agricultural Commissioner (See Below) and for Regulatory Information - the Structural Pest Control Board, 800/737-8188, 1422 Howe Avenue, Sacramento, CA 95825."
